- University Affiliation ID – EA10694
- NCTE Code: 113129
- AISHE Code: C-34619

Establishment details

Marathwada College of Education was established in 1970. Late Dr. Rafiq Zakaria sahib, Chairman of Maulana Azad Education Society was a visionary person, when it came to his notice that there are significant number of Urdu medium schools in Aurangabad (now Chh. Sambhajinagar) and in different cities of Maharashtra but there is not a single Urdu medium B.Ed. college in which teacher's training can be provided, he decided to establish this college. Since he was a man of secular credentials he also added Marathi section. Later on more sections were added and in this way today there are six units of Urdu, Marathi and English medium with 50 students each.

Two units Urdu and Marathi medium are grant-in aid while one Urdu, one Marathi and two English medium units are on non-grant basis. In this way the college caters to the need of all the three medium students.

Since its establishment the college has maintained its academic excellence, almost every year students have secured first position in the university and received Gold medals. Every year Atleast 3 to 4 students are in the Merit list of the University, Many students have cleared NET, SET, TET, CTET and other competitive examinations.

Teaching faculty is highly qualified and always strives to enhance their knowledge and skills, at present there are ten Ph.D. guides and uptill now almost 150 students have completed their Ph.D.
